

PROFESSIONAL ROOF KIT

MRGS509K

This kit contains everything you need to work safely on a roof. The lightweight harness has adjustable chest and leg straps which make it easy to layer up or down for the weather. The fall arrester has a permanently attached energy absorbing lanyard to protect you in case of a fall. A vertical lifeline and roof anchor complete the kit. All items are packed into a watertight plastic pail for easy handling and storage.

Features

- ◆ Harness is CSA Class A certified with grommet legs. Capacity including equipment and clothing is 310 lbs (140 kg). Universal size fits most workers.
- ◆ Fall Arrester is CSA Class ADP certified with panic grab and permanently attached 30 inch (762 mm) energy absorbing lanyard with snap hook.
- ◆ Lifeline is 50 foot (15.2 m) 5/8 inch (16 mm) Polysteel® synthetic 3 strand rope with attached locking snap hook (3600 lb gate rating). CSA certified.
- ◆ Roof anchor is reusable and attaches to a roof truss with 32 #8x2in screws (not included).
- ◆ Proudly Canadian. 
The harness, fall arrester, lifeline and storage pail are all manufactured in Alberta from materials sourced in Canada and other parts of the world.

CERTIFIED

Harness, lanyard, lifeline and rope grab are certified to CSA Z259 and comply with ANSI Z359
